

WAYK Summer 2017 Internship Application (Video)

Instructions for Video Portion of the Application

Please note: This is the first year we are experimenting with video application submissions. We have done our best to devise a smooth system for video submissions, but if you do encounter issues while trying to submit a video application, [let us know](#) and we will try to resolve your issues as quickly as possible.

Required Questions:

- Tell us a little bit about yourself.
- Do you have any specialized interests, skills, or experiences that qualify you to participate in the Summer Intensive?
(for example: working with Native communities, living in language immersion situations, or traveling abroad, language documentation, creating and archiving audio and video materials, teaching or working with children)
- Tell us about your language learning (or teaching) experiences.
How did you learn the languages you know? What are your best and worst language learning experiences? What language learning/teaching methods are you familiar with, if any?
- Why do you want to intern with WAYK this summer?
- What leadership roles have you held at work, school, etc?
- What do you hope to gain from an internship with WAYK this summer?
- What are your future plans beyond this summer?
Will you return to work or school in the fall? Are you hoping to use your summer experience in your current career or in a future career?
- How will you be able to stay involved with and contribute to WAYK's work in the future?
